

“Fantastic results from a great team – the quality achieved in every aspect of this Project is an absolute joy. The key to the Project success was the control & management of all new mechanical and electrical installations.”

Colin Davies - Senior Project Manager, Saigol Developments

Scope of Works

Restore London were Principal Contractor for design, procurement and installation of all elements of this unique restoration & refurbishment project centred around a change of use property from Grade II listed office to a 7-bed ultra-high-end residential property including:
