

“The Beck Group are pleased to have Restore London as part of our prestigious supply chain. They played a major part in the delivery of this hugely successful project. They contributed to a complex design, fabrication and installation package of new Portland stone balconies along with other key façade restoration works. We look forward to their continued support in the future.”

**Brian Hutchinson – Board Director, Beck Interiors**

## Scope of Works

As the lead façade contractor Restore London Ltd were integral to the Success of this Beck refurbishment Project. Encompassing four Georgian townhouses skillfully refurbished to create a beautiful space dedicated for high-net worth individuals to network & socialise. Our role included the design, fabrication and installation of beautiful new Portland stone balconies.

Our supply chain included highly respected Structural Engineers Hockley and Dawson Ltd and Stone Designers Masonry Design Ltd. Restore London also carried out exacting paint stripping to the lower band-rusticated stucco in preparation of full restoration and re-decoration. Newly designed and fabricated Portland stone entrance steps and restoration works were also undertaken to substantially contribute in making significant improvements to this listed property.
